1. We have in our records several case files on missing Italian children, amongst them a tracing request for the above named child from her father Mr. Leone Anticoli of Rome, Italy.

2. We shall be pleased to know whether you have amongst your records any information about Italian Jews, who survived from the various concentration camps. If so, we could send you a detailed list of all names and particulars of Italian Jewish children, which we have in our indices.

3. Thanking you for an early reply.
